PROFESSIONAL SUMMARY

Results-oriented Full Stack Developer with 3+ years of experience building scalable web and mobile applications using React.js, React Native, Next.js, and the MERN stack (MongoDB, Express.js, React, Node.js). Proven expertise in CI/CD pipeline automation with Jenkins and GitLab, AppWorx workflow scheduling, SQL/PL/SQL database optimization, and Linux server management. Skilled in Agile/Scrum delivery, RESTful API architecture, Redux state management, and cross-functional collaboration. Passionate about building high-performance, user-centric solutions that drive meaningful business impact.

TECHNICAL SKILLS

Frontend	React.js (Hooks, Context API) React Native Next.js Redux / Redux Toolkit TypeScript JavaScript (ES6+) HTML5 CSS3 Tailwind CSS Bootstrap Angular Flutter Responsive Design
Backend	Node.js Express.js RESTful API Development Microservices JWT Authentication WebSockets
Databases	MongoDB MySQL Oracle PL/SQL Firebase Realtime DB OneBMS SQL Query Optimization ETL Pipelines
DevOps & CI/CD	Jenkins GitLab CI/CD Docker Git / GitHub Linux (Ubuntu, CentOS) AppWorx Job Scheduling Shell Scripting
Tools	JIRA Agile / Scrum Figma Canva VS Code Android Studio Webpack Jest Postman Stripe Razorpay WordPress

PROFESSIONAL EXPERIENCE

Associate <i>Cognizant Technology Solutions</i>	Oct 2025 – Present Noida, India
- Delivered client-facing React.js applications meeting strict business requirements and performance benchmarks, ensuring on-time project delivery across all sprints. - Implemented CI/CD practices using Jenkins and GitLab CI, streamlining deployment pipelines and reducing release cycle friction. - Participated in collaborative coding sessions and pair programming exercises, strengthening cross-team problem-solving and code quality.	
Programmer Analyst <i>Cognizant Technology Solutions</i>	Oct 2022 – Sep 2025 Noida, India
- Developed and maintained full-stack MERN web applications and React Native mobile apps, accelerating feature delivery across enterprise clients. - Architected RESTful APIs with Express.js, implementing JWT authentication, input validation, and role-based access control for secure third-party integrations. - Automated ETL workflows and batch job scheduling using AppWorx, significantly reducing manual data processing overhead and improving system reliability. - Executed advanced PL/SQL queries, stored procedures, and Oracle Forms to streamline OneBMS database operations and data workflows. - Collaborated with the release team on production and UAT deployments using Jenkins, Docker, and GitLab CI, maintaining smooth and repeatable release cycles. - Managed Linux-based server environments for application deployment, log monitoring, and shell scripting automation. - Worked within Agile/Scrum ceremonies, managing sprints in JIRA and consistently delivering features on schedule.	
Programmer Analyst Trainee <i>Cognizant Technology Solutions</i>	Jan 2022 – Oct 2022 Noida, India
- Created a cross-platform React Native e-learning platform delivering engaging, accessible course content with offline-first architecture. - Managed Agile/Scrum board in JIRA; estimated story points and tracked sprint progress to ensure on-time delivery. - Streamlined Git branching and pull-request workflows, improving code review turnaround and reducing merge conflicts.	

React Native Developer Intern

AppyHigh Technology

Feb 2022 – Jun 2022

Gurugram, India

- Built AI-driven chat interfaces in React Native, integrating third-party ML APIs for real-time interactive responses.
- Enhanced a Flutter app's UI and performance, resolving critical bugs and improving overall app stability and launch speed.
- Integrated Firebase Authentication, Cloud Firestore, and Analytics for real-time data synchronization.

Floor Supervisor

Sony India Pvt. Ltd

Nov 2017 – Aug 2019

Delhi, India

- Led a retail operations team, troubleshooting camera and PlayStation systems to maintain high uptime standards.
- Implemented quality control checks and process improvements, enhancing product reliability and customer satisfaction.

KEY PROJECTS

Smart Nurse Hub | React.js, Node.js, Redux, Tailwind CSS, Stripe, Firebase

[Live](#)

- Built a full-stack e-commerce platform with real-time inventory management, Stripe payment processing, and a role-based admin dashboard with responsive UI.

ShriKundali | Next.js, Tailwind CSS, Razorpay, Firebase

[Live](#)

- Developed a full-featured astrology web platform using Next.js with server-side rendering, Razorpay payment gateway integration, and Firebase backend for real-time user data and personalized content delivery.

The Loop | Next.js, React.js, Tailwind CSS, MongoDB, Node.js

[Live](#)

- Developed a sleek Next.js server-side rendered portfolio showcasing video graphics and content creation with full SEO optimization.

TechFest SLIET | React.js, Node.js, MongoDB, JavaScript, CSS3

[Live](#)

- Developed a college festival platform handling thousands of registrations with real-time scheduling and participant dashboards.

Chit Chat | React.js, Node.js, Express.js, MongoDB, WebRTC, Firebase

- Architected a real-time video and text chat application using WebRTC for peer-to-peer connections and Firebase for signaling.

My Portfolio | Next.js, React.js, Tailwind CSS, Firebase

[Live](#)

- Built a modern developer portfolio with smooth animations, responsive design, and Firebase-powered contact forms.

Next.js Developer Portfolio | Next.js, React.js, Tailwind CSS

[Live](#)

- Designed a Next.js portfolio with modern UI, server-side rendering, and optimized page load performance.

E-Learning App | React Native, Tailwind CSS, Stripe, Redux, Firebase

- Built a cross-platform e-learning mobile app with Stripe payment integration, course progress tracking, and push notifications.

EDUCATION

B.Tech – Computer Science & Engineering

2018 – 2022

Sant Longowal Institute of Engineering & Technology (SLIET)

Punjab, India

Coursework: Data Structures & Algorithms, DBMS, Software Engineering, Operating Systems, Computer Networks

Diploma – Electronics & Communication Engineering

2014 – 2017

Meera Bai Institute of Technology

Delhi, India

CERTIFICATIONS

- **React.js Certification** – HackerRank (Verified) | **SQL Certification** – HackerRank (Verified)
- **Agile Scrum Foundation** – Certified
